

2008 Greater Tucson Market Dominance

Long Realty's market share has grown since 2007 and our agents continue to outperform other real estate companies. In fact, our agents sell more real estate in the Tucson market than the next 7 companies combined. And for properties over \$1 Million, we sell more properties than all the real estate companies combined! Meaning that more buyers and sellers have made the choice to work with a Long Realty Agent.

Long Realty Agents have the experience, marketing tools, resources and proven results to help you navigate and understand the real estate market today - Don't sell yourself short. Go Long and put over 80 years of experience to work for you.
